Proceed through traffic loop to first stoplight. Left at stoplight onto short access road onto Quivira Road. Fourth building on the right.

From I-15: Take the I-15 to the 163-S to I-8 West to West Mission Bay Drive exit. Right at end of off ramp. Go over bridge. Go past Sea Word Drive. Go 1/4 mile past Sea World Drive. Veer right onto West Mission Bay Drive. Proceed through traffic loop to first stoplight. Left at stoplight onto short access road. Left at end of short access road onto Quivira Road. Fourth building on the right.

We do not recommend public transportation which takes a bit over an hour. Uber or Lyft are great and easily accessible alternatives and generally less expensive than taxi. Please read the step-by-step guide below on how to download Uber and/or Lyft and setup for requesting a ride.

Step 1: Using a smartphone, install Uber or Lyft through the App Store (iPhone) or Google Play (Android). When you request a ride via the app, the response and pick-up time are short, often in minutes, for very reasonable prices, unlike an expensive taxi. Please note the Lyft is known to be cheaper, but Uber tends to have more drivers available during busy times.
Step 2: Once the application has been downloaded onto your smartphone, launch the application by tapping on the app icon and follow the instructions to order your ride to your destination.
Step 3: If applicable, enter a promotion code that will give you a discount off your rides (Please note: most promotion codes are only valid for the first time users who have not completed the first ride yet.)

Uber:

1) Tap on the text box that says “Where to?” And type in the address of your destination: 1717 Quivira Rd, San Diego 92109 (Seaforth Sportfishing).
2) Make sure your starting location is where you are requesting to be picked up.
3) Select the transportation type and size. UberX is the least expensive Uber service and seats 1-4 persons. 4) Once you have confirmed that all the information is correct, tap on the block rectangle at the bottom of the screen to request your ride.

Lyft:

1) Once you have found your starting location on the map, tap on the purple rectangle at the bottom of the screen that says “set pickup”.
2) Tap in the region that says “Add destination” and type in your ending address: 1717 Quivera Rd., San Diego, 92109 (Seaforth Sportsfishing)
3) Once you have typed in all the necessary information, tap on the hot pink “request lefty” button at the bottom of the screen.

Your Uber of Lyft driver will arrive in a few minutes. Uber and Lyft will tell you on your phone where your driver is and how many minutes before he/she arrives. It will also give you a photo of the driver, the make and model of the car, and the license plate number on the car.

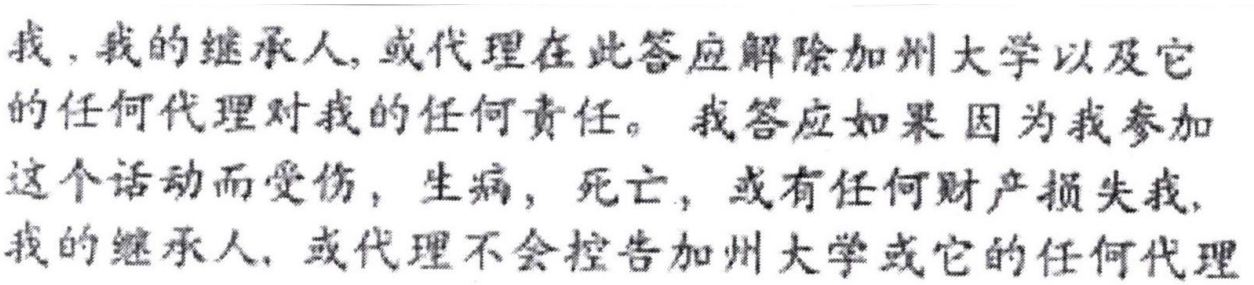

Help for Seasickness:

If you think you might become seasick, please ask a pharmacist for advice for seasick pills. The most common brands recommended are Dramamine (which may make you sleepy) or Bonine (which will NOT make you drowsy). Both CVS and Vons also carry generic versions of Dramamine and Bonine. We recommend "All Day less Drowsy Motion Sickness Relief tablets". You must buy the pills containing 25 mg Meclizine-HCl to be effective. There is also a version of Dramamine for children which may be effective. Packages usually have enough pills to be shared.

PLEASE NOTE: All motion sickness pills MUST be taken one hour before the boat sails. If you wait until after you begin to feel sick it will be too late!

如果你可能会晕船. 可以请问药剂師吃什么药最好。他们大概会介 绍 最 常 用 的 晕 船 Dramamine(这 药 会 可 能 今 你 想 睡 觉)或 Bonine(这 药 不 太 会 今 你 想 睡 觉)。CVS 或 Vons 都 有 一 般 类 似 的(generic)晕 船 药 . 我 们 建 议 买 " AllDaylessdrowsymotion sickness relieftablets"。一定要买含有 25mg Meclizine HCl 才有 效. 他们也有 一种给小孩吃的含有薑的晕船药。有的人认 很有 效.

请注意晕船药得在开船前 一小時前吃才会有效. 如果等到 不 不不不舒服 才吃就太遲了.

SPECIAL Powerpoint Presentation
by Dr. Thomas Jefferson

to prepare us for the trip. You will learn all there is to know about whales! Come for an informative evening!

Wednesday, January 22, 7 p.m. Dance Hall on East side of Univ. Center 409

Dr. Thomas Jefferson is a marine Mammalogist at NOAA (National Oceanic and Atmospheric Administration). He will make a presentation on Wednesday night, January 22, 7 p.m. at the Study Abroad Dance Hall, 409 Matthews Quad, at the northwest corner of Russell and Rupert's Streets. On the UCSD map, it is called University Center 409: http://maps.ucsd.edu/map/default.htm
(Building 409 is at the top of the map). Entrance is on the South Side of the building.

Dr. Jefferson will talk about gray whales and other marine mammals and birds that we might see on the Sunday whale watching trips. Migration, morphology, behavior, gestation, exploitation, and recovery are some of the topics Dr. Jefferson will cover. He has many photos to illustrate these points and will bring some interesting whale parts (i.e. baleen, rib, etc). Many of the interesting facts will be repeated when appropriate on the actual trip. His main goal is for people to learn about what we will see on the trips on Sunday.

UNIVERSITY OF CALIFORNIA,

Waiver of Liability, Assumption of Risk, and Indemnity Agreement

Waiver: In return for being permitted to participate in the following activity or program ("The Activity"), including any associated use of the premises, facilities, staff, equipment, transportation, and services of the University, I, for myself, heirs, personal representatives, and assigns, **do hereby release, waive, discharge, and promise not to sue** The Regents of the University of California, its directors, officers, employees, and agents ("The University"), from liability **from any and all claims, including the negligence of The University**, resulting in personal injury (including death), accidents or illnesses, and property loss, in connection with my participation in the Activity and any use of University premises and facilities.

Description of Activity or Program:

Date(s):

Assumption of Risks: Participation in The Activity carries with it certain inherent risks that cannot be eliminated regardless of the care taken to avoid injury. The specific risks vary from one activity to another, but the risks range from 1) minor injuries such as scratches, bruises, and sprains, to 2) major injuries such as eye injury, joint or bone injuries, heart attacks, and concussions, to 3) catastrophic injuries such as paralysis and death, to 4) travel and immigration status related risks. Participants who are not US citizens may contact International Students and Programs, Undocumented Student Services, or the International Faculty & Scholars Office to discuss travel risks.

Indemnification and Hold Harmless: I also agree to indemnify and hold The University harmless from any and all claims, actions, suits, procedures, costs, expenses, damages and liabilities, including attorney's fees, arising out of my involvement in The Activity, and to reimburse it for any such expenses incurred.

Severability: I further agree that this Waiver of Liability, Assumption of Risk, and Indemnity Agreement is intended to be as broad and inclusive as permitted by law, and that if any portion is held invalid the remaining portions will continue to have full legal force and effect.

Governing Law and Jurisdiction: This Agreement shall be governed by the laws of the State of California, and any disputes arising out of or in connection with this Agreement shall be under the exclusive jurisdiction of the Courts of the State of California.

Acknowledgment of Understanding: I have read this Waiver of Liability, Assumption of Risk, and Indemnity Agreement, fully understand its terms, and **understand that I am giving up substantial rights, including my right to sue.** I confirm that I am signing the agreement freely and voluntarily, and **intend my signature to be a complete and unconditional release of all liability** to the greatest extent allowed by law.
