Office of Graduate Studies

The Financial Secretary is responsible for coordination with the Office of Graduate Studies (OGS) on all Fellowship Funds (4), the dates the Fellowships are to be given, and the dollar amounts of the Fellowships. The process is started in late March, for Fellowships to be awarded in the following fiscal year starting the following July1. The amount & frequency of the Fellowships awarded from each fund is determined by the amount of money in "Expendable Cash" at the time of the award. The "call letters" to all UCSD Departments requesting nominations are written and sent out by the OGS. They also select the final recipients, and handle the disbursement of the Fellowships, usually divided up into quarterly payments. Fellowships are only awarded to graduate students with some other stipulations laid out by the original donor(s).

The contact at OGS is:

Kathryn Murphy, Director, Graduate Student Financial Support, kjmurphy@ucsd.edu, 858 534 3724
